| Footnotes | | | | | | |
| Sector Targets: All Sector targets are taken from the Lebanon 3RP 2019 | | | | | | |
| Education: 1) | No figures are reported yet | | | | | |
| Education: 2) | No figures are reported yet | | | | | |
| Education: 3) | No figures are reported yet | | | | | |
| Education: 4) | No figures are reported yet | | | | | |
| Education: 5) | No figures are reported yet | | | | | |
| Education: 6) | No figures are reported yet | | | | | |
| Education: 7) | No figures are reported yet - (The children (655) that were reported under ALP last reporting period have been removed due to the fact that one partner reported children who expected to benefit from transportation during the ongoing round (which lasted 2 months). When lockdown was announced and all activities halted, this cost-related support stopped as well and children did not actually benefit from it. That is why reporting has been deleted. Thus, this is mainly due to the interruption of activities due to unforeseen circumstances | | | | | |
| Education: 8) | No figures are reported yet | | | | | |
| Child protection – CP: 1) | Boys: 52%, Girls: 48%. | | | Delays in implementation have been observed, in particular in relation to focused PSS activities, due to the lockdown imposed by the COVID-19 outbreak. Moreover, most PDs were signed in February 2020, with outreach activities being implemented in the first few months to ensure identification of the most vulnerable children. During COVID-19 implementation modalities have changed for most Child Protection and Gender-based violence activities, with number of participants in the sessions being less than pre-COVID-19. Starting July, and with the lifting of movement restrictions, more partners are resuming face-to-face psychosocial support activities albeit still with reduced numbers of participants. Targets achieved are therefore expected to slowly pick-up over the course of the upcoming few months. | | |
| Child Protection – CP 2) | Boys: 62%, Girls: 38%. | | | | | |
| Child Protection – CP 3) | Boys: 6%, Girls: 94%. | | | | | |
| WASH: 1) | Boys: 0%, Girls: 0%, Female: 0%, Male: 0%. | | | | | |
| WASH: 2) | Boys: 0%, Girls: 0%, Female: 0%, Male: 0%. | | | | | |
| WASH: 3) | No figures are reported yet – The safe water project is still ongoing and not yet completed. Once completed, the figures will be reported accordingly | | | | | |
| WASH: 4) | Boys: 0%, Girls: 0%, Female: 56%, Male: 44%. | | | | | |
| WASH: 5) | The Negative result is due to double reporting by a partner last reporting period which was then removed | | | | | |
| Health & Nutrition: 1) | Male: 0%, Female: 0%. Gender disaggregation is not available yet; The last reported data submitted by MoPH reflects from Jan-May 2020 only and hence the underachievement | | | | | |
| Health & Nutrition: 2) | Male: 0%, Female: 0%. Gender disaggregation is not available yet; The last reported data submitted by MoPH reflects from Jan-May 2020 only and hence the underachievement | | | | | |
| Health & Nutrition: 3) | Male: 0%, Female: 0%. Gender disaggregation is not available yet; The last reported data submitted by MoPH reflects from Jan-May 2020 only and hence the underachievement | | | | | |
| Adolescents & Youth: 1) | Male: 42%, Female: 58%. Youth Basic Literacy and Numeracy discontinued between February and Mid May, Courses were resumed in June with social distancing and minimum number of 10-12 in each class | | | | | |
| Adolescents & Youth: 2) | Male: 39%, Female: 61%. Low result due to Social distancing and confinement | | | | | |
| Adolescents & Youth: 3) | Male: 41%, Female: 59%. Waiting for funds to arrive to kick off the Employment Support Services plan | | | | | |
| Adolescents & Youth: 4) | Male: 64%, Female: 36%. Remote life skills were only resumed in June for most of partners, only few were able to continue during confinement and this explains the low number | | | | | |

| | |
|--|--|
| Social Policy, Basic Needs: 1) | No figures are reported yet - This programme starts on the last quarter of the year, and reporting is done during December 2020. |
| Social Policy, Basic Needs: 2) | Boys: 54%, Girls: 46%. - The programme is still ongoing and additional children will be assisted in the coming months. Please note that the section will reach the target during the coming months. |
| Communication for development: 1) | Boys: 54%, Girls: 46%. - In Q1, the political crisis, roads blocks and civil unrest prevented UNICEF and its partners to engage directly with community and gather children in C4D activities, and starting February, C4D section is focusing on RCCE for covid 19 and all regular activities are put on hold, and people reached in community engagement activities are reported under COVID-19 indicators. |
| Palestinian Programme: 1) | Boys: 54%, Girls: 46%. (2,555 from Sept 2019 to Dec 2019, 479 in 2020) |
| Palestinian Programme: 2) | Boys: 44%, Girls: 56%. (2,088 from Sept to Dec 2019, 2,016 in 2020) – The reason last reporting period the result was 4,325 and now has decreased to 4,104 is due to the fact that an additional month from 2019 was added previously (mistake in previous reporting) Additional number are Syrian children at Shatila Camp who are not receiving the support elsewhere |
| Palestinian Programme: 3) | Boys: 46%, Girls: 54%. The number 4,104 (second indicator) indicates the achievement per scholastic year, starting Sep 2019. Partner achieved additional target of 1,083 due to the online-sessions that partner is conducting for COVID-19. |
| Palestinian Programme: 4) | Boys: 51%, Girls: 49%. The activity is on-going until Dec 31st,2020 |
| Palestinian Programme: 5) | No figures are reported yet- Partner will report cumulative data for this indicator, since they are facing technical error to report on AI platform. |
| Palestinian Programme: 6) | Boys: 36%, Girls: 64%. The activity is on-going until Dec 31st,2020. |
